

Quickset Adjustable Torque Screwdrivers

Torque range from 0.2 to 9 N.m

Quickset Adjustable Torque Screwdrivers are calibrated scale tools that can be used for the accurate and consistent application of torque in any manufacturing, engineering or servicing environment. Their adjustability and wide range of torque make them

suitable for a broad range of applications. These tools are durable, easy to use and the unique Slipping Technology means that the risk of over or under tightening is eliminated.

Quickset 6 FH

T-Bar is not included with the Ergo Quickset Screwdriver Range

Slipping Mechanism
Incorrect tightening is impossible

Maintenance & Repair

Quickset Adjustable Torque Screwdrivers (ISO and Imperial Scales)

Absolute accuracy and consistency. Accurate process control is ensured by eliminating under and over tightening due to the unique Slipping Technology

Calibrated scale. A visible scale allows the user to adjust the tool to their desired torque setting, enabling a range of different torque settings to be applied

Ease of use. Tools can be used with confidence by operators at any skill level, due to unique slipping mechanism

Easy to set up. Fast and accurate to set, using the quick and clear to read micrometer style setting scale

Improved production quality. Accurate torque application reduces the likelihood of warranty and rework

Increased production efficiency. Increased operator comfort and productivity, from the smooth reset action of the tool and the ergonomic design

Long tool life. High quality, robust construction. Many years of dependable service are provided by the robust design and hard-wearing materials, that include stainless steel and aluminium

Operational versatility. These versatile tools are ideal for a wide range of applications, due to their adjustability and wide torque range

Additional features

EPA compliant alternative available.

Optional Lock On T-Bar for larger models of screwdriver, provides extra leverage when required. (Order Code: P29530)

Tool can be kept accurate and up to date with our Calibration service.
