

# Air Production Drills

Inline

## Q2 Series

Compact and lightweight, Q2 drills deliver more power in a smaller package to get the job done in less time.

### Features

- Stall Torque: 10.6 – 33.6 in-lbs (1.2 – 3.8 Nm)
- Speeds: 1500 – 5100 rpm
- Variable speed control allows slow starting and high speed for fast drilling
- Excellent power-to-weight ratio gets the job done with less fatigue

QS151D

### Service and Accessories

#### Manuals:

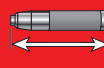

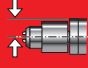

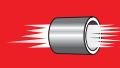

-  16572752
-  16572042
-  16576332

#### Accessories:

Horizontal hanger: 3RA-365  
 Chuck: ROH-99  
 Spindle accessories, see page 185

#### Kits:

Tune-up kit: Q2-PDRILL-TK1
